BIJOU---All Week RAILROAD NEWS

Reported That Many Important Changes Will Be Made in Seaboard Management.

MOVE TO REDUCE EXPENSES

New Steamboat Line to Norfolk Soon to Be in Opera-

Rumors are circulating to the effect

New Steamboat Line.

The new steamboat line on the James River, which will begin operations this week, will make a decided change in the transportation service between this city and Norfolk. Boats will be run every other day, from Richmond at 8 o'clock in the morning, an hour later than the old line boats leave. The new boats will make no stop until Jamestown Island is reached, and there passengers will have a half-hour in which to see the historic island. The next stop will be Newport News and the next after that the Jamestown Exposition Pier.

Twice a week special rates for the exposition will be given the steamers reaching there at 4 o'clock in the afternoon, thus leaving several hours to take in the show before night.

Returning boats will leave Norfolk at 200 A M and the Exposition County.

about 8 o'clock in the morning. After touching at Newport News and making the half-hour stop at Jamestown Island, the boats will come direct to Richmond, reaching here about 4 o'clock in the afternoon.

This line is closely allied with another that runs from Washington to Norfolk, and also with the Newport News, Hampton and Old Point Street Car Company, General through rates over these lines will be given to the customers of the new route.

The change of schedule which went into effect on the Chesapeake and Ohio into effect on the Chesapeake and Omorond last Sunday is proving very agreeable to the patrons of that line. The travelers from the mountains who come to Richmond on pleasure and business are especially pleased with the new arrangement, as are also visitors to the Jamestown Exposition.

Must Submit.

A special from Atlanta says:
The order of the Georgia Railroad Commission reducing passenger rates went into effect to-day, and it will be obeyed by every road in the State, or the officers of the road disregarding it will be indicted and prosecuted by Governor Hoke Smith.

The Governor has notified all judges and prosecuting officers in the State to watch for violations of the law and to prosecute. The indications are that every road in the State will put tickets on sale at reduced rates.

No More Ads. on Pennsy.

The Pennsylvania Railway has bowed to the demand of the Master Car Builders' Association, and the following announcement was issued from Philadelphia yesterday:

"In accordance with the recent action of the American Railway Association and the Master Car Builders' Association, placing of advertisements on freight cars of railroad ownership is prohibited. Agents have been instructed to advise shippers making application for this privilege, and in case advertisements are applied to cars in the possession of shippers they must be removed before the cars are forwarded over the lines of the railroads.

"All advertisements found on cars from this date must be removed by the

Union Not In It.

Station agents, other station employes and telegraph operators on the Long Island Railroad have received an increase in wages. It was agreed upon after a conference between James A. McCrea, superintadent and the employes, no union taking any part in the negotiations. Concerning the advance General Superintondent McCrea says: "This is the third advance the company has made. We dealt directly with our own employes. They presented us a tentative schedule and that was used as a basis. Every individual case was decided upon its merits. The increase does not affect the big offices in the city, but those out on Long-Island."

that many changes are soon to be made in the list of the high officials of the Seaboard Air Line Railway. In quiry at the offices in this city failed to elicit any definite information con-cerning the contemplated changes, and cerning the contemplated changes, and a long distance telephone talk with the general offices in Portsmouth was equally as barren of reaults. However, it is well known that a general policy of cutting down expenses is in vogue on the Seaboard, and it is believed that some of the offices that command high figures are to be quietly abolished. In this way the general payroll will be materially reduced.
